

**ENTERTAINMENT COMMITTEE
SATURDAY NIGHT DINNER**

You should arrive at the campground no later than 3:30 pm. Dinner will start at 5:30 pm. This will give you time to get organized.

Saturday evening dinner is made especially celebratory with special after-dinner entertainment. Entertainment is presented as an act of agape, an unexpected addition to the pilgrim's dinner routine. Entertainment consists of **15-20 minutes** of music, drama, or humorous skits prepared by the team Entertainment Committee.

The Entertainment Committee should guard against overdoing it -- excessiveness can quickly and unnecessarily delay the evening schedule. The agape message can be reinforced by simple means, which are fun, tasteful, and within reason.

The entertainment should only be viewed by the pilgrims and the inside team.

The Entertainment skit should be prepared and practiced before the actual weekend. You need to make arrangements to have the skit critiqued at one of the team meetings prior to the weekend.
