

Living Waters Chrysalis Community
Caterpillar Party

Caterpillar Party Committee

The responsibility of this committee is to provide a party for the Caterpillars following the Examination of Conscience on Saturday night which follows Candlelight.

Responsibilities:

The Caterpillar Party is setup in the Break Area. You will be able to start setup of the Caterpillar Party at approximately 5:30 pm on Saturday night. The Caterpillars will enter the party at approximately 9:45 -10:15 pm. The party will last for about one hour. Your team is responsible for cleanup and takedown of the party. The humbles will help you, but, your team is responsible for the cleanup. Expect cleanup to end around 11:30 pm.

Ask the Lay Director if there is particular theme that he/she may want for the party.

You will need to have enough seating for the conference room team. (Approx 45 people) The tables are small picnic tables. You can cover them by using a large 54X108 tablecloth and dividing it in half. You only have room for two 6-foot tables to serve on. The humbles can remove 1 or 2 of the picnic tables from the room to give you more room if needed. There is an open bar type area that leads into the kitchen area. There will be a microwave, refrigerator, sink etc. in the kitchen. There is an ice machine available. You might want to use a curtain to cover the kitchen area. Also check to see if the windows have been covered. You will need to cover them if not.

Fix food to go along with your theme. You can create your own placemats and agape for the party. You can also ask Agape Team if they have any extra agape that will go along with your theme. You will need tablecloths, plates, cups, serving dishes, room props, music, and decorations.

Past Themes:

Christians under Construction, Luau, Country/Western, Bride of Christ, Alice in Wonderland, Picnic in Park, Oldies Rock and Roll, The 70's, Mexican Fiesta, NASCAR, Sports, Night at the Movies

Food Suggestions:

Remember special diets. Have choices for diabetics and other special needs.

Sample Foods list:
