

Living Waters Chrysalis Community  
Photographer

## **PHOTOGRAPHER**

The photographer is responsible for making the photograph of the caterpillars and conference room team. It is the policy of the Living Waters Chrysalis Community of that no other photographs are made during the Flight weekend.

The photograph is made during the Friday morning break, which is at approx 10:30 AM. You need to be at the camp no later than 10:00 AM on Friday. Photographs have been taken inside the gymnasium.

Responsibilities for this committee are:

1. Set up camera & chairs for photograph.
2. Line up the caterpillars (by table) and conference room team.
3. Provide pads and pens and get a listing by row. (It is a good idea to ask them to print their names.
4. Take the official photo.
5. Develop the film, if digital then run copies.
6. A list of names by rows needs to be on the paper.
7. 35-50 copies need to be provided. (Check with Agape)
8. Give completed photos to Agape Committee as soon as possible.(no later than Saturday 5:00 pm)

If the photographer cannot provide the photos by laser prints then the outside board representative needs to be contacted for the job to be completed.
